FORWARD-LOOKING STATEMENTS

Some of the statements and assumptions in this Form S-3 are forward-looking statements. These statements identify prospective information. Important factors could cause actual results to differ, possibly materially, from those in the forward-looking statements. In some cases you can identify forward-looking statements by words such as “anticipate,” “believe,” “could,” “estimate,” “plan,” “intend,” “may,” “should,” “will” and “would” or other similar words. You should read statements that contain these words carefully because they discuss our future expectations, contain projections of our future results of operations or of our financial position or state other “forward-looking” information. Forward-looking statements should not be read as a guarantee of future performance or results, and will not necessarily be accurate indications of the times at, or by which, such performance or results will be achieved. Forward-looking information is based on information available at the time and/or managements’ good faith belief with respect to future events, and is subject to risks and uncertainties that could cause actual performance or results to differ materially from those expressed in the statements. For examples of risks, uncertainties and events that may cause our actual results to differ materially from the expectations we describe in our forward-looking statements, see the documents described in the section below captioned “Risk Factors.”

Forward-looking statements speak only as of the date the statements are made. We assume no obligation to update forward-looking statements to reflect actual results, changes in assumptions or changes in other factors affecting forward-looking information except to the extent required by applicable securities laws. If we do update one or more forward-looking statements, no inference should be drawn that we will make additional updates with respect thereto or with respect to other forward-looking statements.

THE COMPANY

Universal is a leading asset-light provider of customized transportation and logistics solutions throughout the United States, Mexico and Canada. We provide our customers with supply chain solutions that can be scaled to meet their changing demands and volumes. We offer our customers a broad array of services across their entire supply chain, including transportation, value-added, and intermodal services. Our customized solutions and flexible business model are designed to provide us with a highly variable cost structure.

Our transportation services include dry van, flatbed, heavy haul, dedicated, refrigerated, shuttle and switching operations as well as full service domestic and international freight forwarding, customs brokerage, final mile and ground expedite. We offer our customers brokerage transportation for greater service options and additional capacity. Our value-added services, which are typically dedicated to individual customer requirements, include material handling, consolidation, sequencing, sub-assembly, cross-dock services, kitting, repacking, warehousing and returnable container management. Intermodal operations include rail-truck, steamship-truck and support services.

In October 2012, we acquired LINC Logistics Company (“LINC”) whereby each outstanding share of LINC common stock was converted into the right to receive consideration consisting of 0.700 of a share of common stock of Universal and cash in lieu of fractional shares. This resulted in the issuance of 14,527,332 shares of Universal’s common stock and borrowings of approximately \$149.1 million to repay LINC’s outstanding indebtedness and dividends payable. Universal and LINC were under common control, and as such, the financial statements of Universal included in our annual report on Form 10-K for the year ended December 31, 2012, have been retrospectively revised to reflect the accounts of LINC as if they had been consolidated for all previous periods. The acquisition significantly enhanced the company’s position as a leading provider of third party transportation, value-added and intermodal services.

We provide a comprehensive suite of transportation and logistics solutions that allow our customers and clients to reduce costs and manage their global supply chains more efficiently. We market our services through a direct sales and marketing network focused on selling our portfolio of transportation logistic services to large customers in specific industry sectors, through a network of agents who solicit freight business directly from shippers, and through company-managed facilities and full service freight forwarding and customs house brokerage offices. At December 31, 2012, we had an agent network totaling approximately 524 agents, and we operated 51 company-managed terminal locations and provided services at 39 logistics locations throughout the United States, Mexico and Canada.

We broadly group our services into the following three service categories: transportation, value-added and intermodal support.

- *Transportation.* Transportation services represented approximately \$741.7 million, or 71.5%, of our operating revenues in 2012. We transport a wide variety of general commodities, including automotive parts, machinery, building materials, paper, food, consumer goods, furniture, steel and other metals on behalf of customers in various industries. We use a variety of general use and specialized trailer types. Our transportation services are provided through a network of both union and non-union employee drivers, owner-operators, contract drivers, and third-party transportation providers. We broker freight to third party transportation providers to complement our available capacity. Our transportation services also include full service international freight forwarding, customs house brokerage services, and final mile and ground expedite services, which we refer to collectively as specialized services.
- *Value-added.* Value-added services represented approximately \$175.0 million, or 16.9%, of our operating revenues in 2012. We operate, manage or provide transportation services at 39 logistics locations in the United States, Mexico and Canada. Our facilities and services are often directly integrated into the production processes of our customers and represent a critical piece of their supply chains. Nineteen facilities are located inside customer plants or distribution operations; the other facilities are generally located close to our customers’ plants to optimize the efficiency of their component supply chains and production process. Our proprietary information technology platform is integrated with our customers’ and their vendors’ information technology networks, allowing real-time, end-to-end supply chain visibility. As a result of our close integration with our customers, most of our value-added services are contracted for the duration of our customers’ production programs, which typically last three to five years.

Table of Contents

- *Intermodal support.* Intermodal support services represented \$120.3 million, or 11.6%, of our operating revenues in 2012. Our intermodal support services are primarily short-to-medium distance delivery of rail and steamship containers between the railhead or port and the customer and drayage services.

We were incorporated in Michigan on December 11, 2001. Our common stock began trading on the NASDAQ Global Select Market under the symbol "UACL" on February 11, 2005, the date of our initial public offering. Our principal executive offices are located at 12755 E. Nine Mile Road, Warren, Michigan 48089, and our telephone number is (586) 920-0100. Our website address is www.goutsi.com. The information contained on, or accessible through, our website is not a part of this registration statement.

RISK FACTORS

An investment in our securities involves significant risks. Our business, financial condition, and results of operations could be materially adversely affected by any of these risks. The trading price of our securities could decline due to any of these risks, and you may lose all or part of your investment. Before you make an investment decision regarding the securities, you should carefully consider the risks and uncertainties described under "Risk Factors" in the applicable prospectus supplement and in our most recent Annual Report on Form 10-K, and in any updates to those Risk Factors in our Quarterly Reports on Form 10-Q, together with all of the other information appearing in this prospectus or incorporated by reference into this prospectus and any applicable prospectus supplement, in light of your particular investment objectives and financial circumstances. The risks described in those documents are not the only ones that we face. Additional risks and uncertainties not presently known to us or that we currently deem immaterial may also affect our business operations, our financial results and the value of the securities. The prospectus supplement applicable to each series of securities we or our selling stockholders offer may contain a discussion of additional risks applicable to an investment in us and the securities we or the selling stockholders are offering under that prospectus supplement.

USE OF PROCEEDS

Unless otherwise specified in the applicable prospectus supplement, we intend to use the proceeds from the sale of the securities described in this prospectus for general corporate purposes. Pending such use, we may temporarily invest the proceeds or use them to reduce indebtedness. We may also invest funds which are not required immediately in short-term marketable securities. The applicable prospectus supplement will provide more details on the use of proceeds of any specific offering.

We will not receive any of the proceeds from the sale of our common stock by the selling stockholders.

RATIO OF EARNINGS TO FIXED CHARGES

We do not calculate a ratio of earnings to fixed charges and preferred stock dividends at this time because no shares of our preferred stock are issued and outstanding as of the date of this prospectus. If we offer shares of preferred stock under this prospectus, we will, at that time, provide a ratio of earnings to fixed charges and preferred stock dividends in the applicable prospectus supplement.

DESCRIPTION OF SECURITIES WE MAY OFFER

This prospectus contains summary descriptions of our common stock, preferred stock, debt securities, rights and warrants that we may offer from time to time. These summary descriptions are not meant to be complete descriptions of each security. The particular terms of any security will be described in the accompanying prospectus supplement and other offering material. The accompanying prospectus supplement may add, update or change the terms and conditions of the securities as described in this prospectus.

When we use the terms "security" or "securities" in this prospectus, we mean any of the securities we or the selling stockholders may offer with this prospectus, unless we say otherwise.

DESCRIPTION OF CAPITAL STOCK

The following is a summary of the material terms of our capital stock and the provisions of our Articles of Incorporation and Bylaws. It also summarizes relevant provisions of the Michigan Business Corporation Act, which we refer to as Michigan law, or the “MBCA.” Since the terms of our Articles of Incorporation, Bylaws and Michigan law are more detailed than the general information provided below, we urge you to read the actual provisions of those documents and Michigan law. The following summary of our capital stock is subject in all respects to Michigan law, our Articles of Incorporation and our Bylaws. If you would like to read our Articles of Incorporation or Bylaws, these documents are on file with the SEC, as described under the heading “Where You Can Find More Information.”

General

The authorized capital stock of the Company consists of 100,000,000 shares of common stock, no par value, and 5,000,000 shares of preferred stock, no par value. As of March 4, 2013, there were 30,685,441 shares of our common stock issued and 30,053,912 shares of our common stock outstanding and no shares of our preferred stock were issued and outstanding. Our common stock is listed on the NASDAQ Global Select Market.

Common Stock

All of the outstanding shares of our common stock are fully paid and nonassessable.

Voting Rights. Each holder of our common stock is entitled to cast one vote for each share held of record on all matters submitted to a vote of shareholders, including the election of directors. Holders of our common stock have no cumulative voting rights.

Dividends. Holders of our common stock are entitled to receive dividends or other distributions declared by the board of directors. The right of the board of directors to declare dividends is subject to the right of any holders of our preferred stock and the availability under Michigan law of sufficient funds to pay dividends.

Liquidation Rights. If the Company is dissolved, our common shareholders will share ratably in the distribution of all assets that remain after we pay all of our liabilities and satisfy our obligations to the holders of any of our preferred stock.

Preemptive and Other Rights. Holders of our common stock have no preemptive rights to purchase or subscribe for any stock or other securities of the Company, and there are no conversion rights or redemption or sinking fund provisions with respect to our common stock.

Transfer Agent. The transfer agent and registrar for our common stock is Computershare Trust Company, N.A.

Preferred Stock

The board of directors is authorized to issue shares of our preferred stock at any time, without shareholder approval. It has the authority to determine all aspects of those shares, including the following:

- the designation and number of shares;
- the dividend rate and preferences, if any, which dividends on that series of preferred stock will have compared to any other class or series of our capital stock;
- the voting rights, if any;
- the conversion or exchange privileges, if any, applicable to that series;
- the redemption price or prices and the other terms of redemption, if any, applicable to that series; and
- any purchase, retirement or sinking fund provisions applicable to that series.

Any of these terms could have an adverse effect on the availability of earnings for distribution to the holders of our common stock or for other corporate purposes. We have no agreements or understandings for the issuance of any shares of preferred stock.

Provisions That May Discourage Takeovers

Michigan law and our Bylaws contain provisions that may have the effect of discouraging transactions involving an actual or threatened change of control. These provisions could protect the continuity of our directors and management and possibly deprive shareholders of an opportunity to sell their shares of common stock at prices higher than the prevailing market prices. The following description is subject in its entirety to applicable Michigan law and our Articles of Incorporation and Bylaws.

Ownership of Controlling Shares by the Moroun Family. As of March 4, 2013, our Chairman, Matthew T. Moroun, and trusts controlled by Matthew T. Moroun and his father, Manuel J. Moroun, own in the aggregate 24,549,832 shares, or 81.69%, of our outstanding common stock. Ownership of this block of shares by the Moroun family could render it more difficult or discourage an attempt to obtain control of the Company by means of a merger, tender offer, proxy contest or otherwise and possibly deprive other shareholders of an opportunity to sell their shares at prices higher than the prevailing market prices.

Availability of Authorized but Unissued Shares. All of our preferred stock and a substantial amount of our common stock is authorized but unissued and not reserved for any particular purpose. Our board of directors may issue shares of authorized common or preferred stock without shareholder approval. If our board of directors decides to issue shares to persons friendly to current management, this could render more difficult or discourage an attempt to obtain control of the Company by means of a merger, tender offer, proxy contest or otherwise. Authorized but unissued shares also could be used to dilute the stock ownership of persons seeking to obtain control of the Company, including dilution through a shareholder rights plan of the type commonly known as a “poison pill,” which the board of directors could adopt without a shareholder vote.

Issuance of Preferred Stock. In addition, our board of directors could issue preferred shares having voting rights that adversely affect the voting power of our common shareholders, which could have the effect of delaying, deferring or impeding a change in control of the Company.

No Cumulative Voting. Under Michigan law, shareholders do not have cumulative voting rights for the election of directors unless the Articles of Incorporation so provide. Our Articles of Incorporation do not provide for cumulative voting.

Limitations on Nomination of Directors. Under our Bylaws, in order for a shareholder to nominate a candidate for director, notice of the nomination must be given to us not less than 90 days before the first anniversary of the preceding year’s annual meeting. The shareholder submitting the notice of nomination must describe various matters as specified in our Bylaws, including the name, age and address of each proposed nominee, his or her occupation, the number of shares held by the nominee and any other information that would be required under SEC rules in a proxy statement soliciting proxies for the election of the nominee.

Limitation on Calling Special Meetings of Shareholders. Michigan law allows the board of directors or officers, directors or shareholders authorized in our corporation’s Bylaws to call special meetings of shareholders. Our Bylaws provide that a special meeting may be called by our board of directors, the Chairman of the Board or the Chief Executive Officer or shall be called by the Chief Executive Officer or Secretary at the request of shareholders holding a majority of the shares of stock entitled to vote at the proposed special meeting. Business to be transacted at a special meeting is limited by our Bylaws to the purpose or purposes stated in the notice of the meeting.

Business Combinations

We are subject to Chapter 7A of the MBCA, which provides that a business combination subject to Chapter 7A between a covered Michigan corporation or any of its subsidiaries and a beneficial owner of shares entitled to 10% or more of the voting power of such corporation generally require the affirmative vote of 90% of the votes of each class of stock entitled to vote, and not less than 2/3 of each class of stock entitled to vote (excluding voting shares owned by such 10% owner), voting as a separate class. Such requirements do not apply if (1) the corporation’s board of directors approves the transaction prior to the time the 10% owner becomes such or (2) the transaction satisfies certain fairness standards, certain other conditions are met and the 10% owner has been such for at least five years. Chapter 7A business combinations include, among other transactions, mergers, significant asset transfers, certain disproportionate issuances of shares to an interested shareholder, certain reclassifications and recapitalizations disproportionately favorable to such shareholder, and the adoption of a plan of liquidation or dissolution in which such a shareholder would receive anything other than cash. Chapter 7A does not cover business combinations effected by purchase of shares from other shareholders in the open market or acquired through a tender offer.

DESCRIPTION OF DEBT SECURITIES

The following is a summary of the general terms and provisions of the debt securities we may offer under this prospectus and one or more prospectus supplements. When we offer to sell a particular series of debt securities, we will describe the specific terms of the series in a prospectus supplement. The following description of debt securities will apply to the debt securities offered by this prospectus unless we provide otherwise in the applicable prospectus supplement. The applicable prospectus supplement for a particular series of debt securities may specify different or additional terms.

We may issue senior, senior subordinated, or subordinated, debt securities. Senior securities will be direct obligations of ours and will rank equally and ratably in right of payment with other indebtedness of ours that is not subordinated. Senior subordinated securities will be subordinated in right of payment to the prior payment in full of senior indebtedness, as defined in the applicable prospectus supplement, and may rank equally and ratably with any other senior subordinated indebtedness. Subordinated securities will be subordinated in right of payment to senior subordinated securities.

We need not issue all debt securities of one series at the same time. Unless we provide otherwise, we may reopen a series, without the consent of the holders of such series, for issuances of additional securities of that series.

We will issue the senior debt securities and senior subordinated debt securities under a senior indenture, which we will enter into with the trustee to be named in the senior indenture, and we will issue the subordinated debt securities under a subordinated indenture, which we will enter into with the trustee to be named in the subordinated indenture. We use the term “indenture” or “indentures” to refer to both the senior indenture and the subordinated indenture. Each indenture will be subject to and governed by the Trust Indenture Act of 1939, as amended (the “Trust Indenture Act”), and we may supplement the indenture from time to time. Any trustee under any indenture may resign or be removed with respect to one or more series of debt securities, and we may appoint a successor trustee to act with respect to that series. We have filed a form of indenture as an exhibit to this registration statement, of which this prospectus forms a part. The terms of the senior indenture and subordinated indenture will be substantially similar, except that the subordinated indenture will include provisions pertaining to the subordination of the subordinated debt securities and senior subordinated debt securities to the senior debt securities and any of our other senior securities. The following statements relating to the debt securities and the indenture are summaries only, are subject to change, and are qualified in their entirety to the detailed provisions of the indenture, any supplemental indenture, and any prospectus supplements.

General

The debt securities will be our direct obligations. We may issue debt securities from time to time and in one or more series as we may establish by resolution or as we may establish in one or more supplemental indentures. The particular terms of each series of debt securities will be described in a prospectus supplement relating to the series. We may issue debt securities with terms different from those of debt securities that we previously issued.

We may issue debt securities from time to time and in one or more series with the same or various maturities, at par, at a premium, or at a discount. We will set forth in a prospectus supplement, relating to any series of debt securities being offered, the initial offering price and the following terms of the debt securities:

- the title of the debt securities;
- the series designation and whether they are senior securities, senior subordinated securities, or subordinated securities;
- the aggregate principal amount of the debt securities and any limit on the aggregate amount of the series of debt securities;
- the price or prices (expressed as a percentage of the aggregate principal amount) at which we will issue the debt securities and, if other than the principal amount of the debt securities, the portion of the principal amount of the debt securities payable upon the maturity of the debt securities;
- the date or dates on which we will pay the principal on the debt securities;
- the rate or rates (which may be fixed or variable) per annum or the method used to determine the rate or rates (including any commodity, commodity index, stock exchange index, or financial index) at which the

debt securities will bear interest, the date or dates from which interest will accrue, the date or dates on which interest will commence and be payable, and any regular record date for the interest payable on any interest payment date;

- the place where principal, interest, and any additional amounts will be payable and where the debt securities can be surrendered for transfer, exchange, or conversion;
- the terms, if any, by which holders of the debt securities may convert or exchange the debt securities for our common stock, preferred stock, or any other security or property;
- if convertible, the initial conversion price, the conversion period, and any other terms governing such conversion;
- any subordination provisions or limitations relating to the debt securities;
- any sinking fund requirements;
- any obligation we have to redeem or purchase the debt securities pursuant to any sinking fund or analogous provisions or at the option of a holder of debt securities;
- the dates on which and the price or prices at which we will repurchase the debt securities at the option of the holders of debt securities and other detailed terms and provisions of these repurchase obligations;
- the denominations in which the debt securities will be issued, if other than denominations of \$1,000 and any integral multiple thereof;
- the portion of principal amount of the debt securities payable upon declaration of acceleration of the maturity date, if other than the principal amount;
- whether we will issue the debt securities in certificated or book-entry form;
- whether the debt securities will be in registered or bearer form and, if in registered form, the denominations if other than in even multiples of \$1,000 and, if in bearer form, the denominations and terms and conditions relating thereto;
- the designation of the currency, currencies, or currency units in which payment of principal of, premium, and interest on the debt securities will be made;
- if payments of principal of, and interest and any additional amounts on, the debt securities will be made in one or more currencies or currency units other than that or those in which the debt securities are denominated, the manner in which the exchange rate with respect to these payments will be determined;
- the manner in which the amounts of payment of principal of, and interest and any additional amounts on, the debt securities will be determined, if these amounts may be determined by reference to an index based on a currency or currencies other than that in which the debt securities are denominated or designated to be payable or by reference to a commodity, commodity index, stock exchange index, or financial index;
- any applicability of the defeasance provisions described in this prospectus or any prospectus supplement;
- whether and under what circumstances, if any, we will pay additional amounts on any debt securities in respect of any tax, assessment, or governmental charge and, if so, whether we will have the option to redeem the debt securities instead of making this payment;
- any addition to or change in the events of default described in this prospectus or in the indenture with respect to the debt securities and any change in the acceleration provisions described in this prospectus or in the indenture with respect to the debt securities;
- any addition to or change in the covenants described in this prospectus or in the indenture with respect to the debt securities;
- if the debt securities are to be issued upon the exercise of debt warrants, the time, manner, and place for them to be authenticated and delivered;
- any securities exchange on which we will list the debt securities;
- any restrictions on transfer, sale, or other assignment;
- any provisions relating to any security provided for the debt securities;

[Table of Contents](#)

- any provisions relating to any guarantee of the debt securities;
- any other terms of the debt securities, which may modify or delete any provision of the indenture as it applies to that series; and
- any depositaries, interest rate calculation agents, exchange rate calculation agents, or other agents with respect to the debt securities.

We may issue debt securities that are exchangeable for or convertible into shares of our common stock or other securities or property. The terms, if any, on which the debt securities may be exchanged for or converted into shares of our common stock or other securities or property will be set forth in the applicable prospectus supplement. Such terms may include provisions for conversion, either mandatory, at the option of the holder, or at our option, in which case the number of shares of common stock or other securities or property to be received by the holders of debt securities would be calculated as of a time and in the manner stated in the prospectus supplement.

We may issue debt securities at less than the principal amount payable upon maturity. We refer to these securities as “original issue discount securities.” If material or applicable, we will describe in the applicable prospectus supplement special U.S. federal income tax, accounting, and other considerations applicable to original issue discount securities.

If we denominate the purchase price of any of the debt securities in a foreign currency or currencies or a foreign currency unit or units, or if the principal of, and interest and any additional amounts on, any series of debt securities is payable in a foreign currency or currencies or a foreign currency unit or units, we will provide you with information on the restrictions, elections, general tax considerations, specific terms, and other information with respect to that issue of debt securities and such foreign currency or currencies or foreign currency unit or units in the applicable prospectus supplement.

Except as may be set forth in any prospectus supplement relating to the debt securities, an indenture will not contain any other provisions that would limit our ability to incur indebtedness or that would afford holders of the debt securities protection in the event of a highly leveraged or similar transaction involving us or in the event of a change in control. You should review carefully the applicable prospectus supplement for information with respect to events of default and any covenants applicable to the debt securities being offered.

Payments and Paying Agents

Unless we otherwise indicate in the applicable prospectus supplement, we will make payment of the interest on any debt securities on any interest payment date to the person in whose name the debt securities, or one or more predecessor securities, are registered at the close of business on the regular record date for the interest.

We will pay principal of, and interest and any additional amounts on, the debt securities of a particular series at the office of the paying agents designated by us, except that, unless we otherwise indicate in the applicable prospectus supplement, we may make interest payments by check, which we will mail to the holder, or by wire transfer to certain holders. Unless we otherwise indicate in a prospectus supplement, we will designate the corporate trust office of the trustee as our sole paying agent for payments with respect to debt securities of each series. We will name in the applicable prospectus supplement any other paying agents that we initially designate for the debt securities of a particular series.

Form, Transfer, and Exchange

Each debt security will be represented by either one or more global securities registered in the name of a depositary that will be named in the prospectus supplement or a nominee of the depositary (as a “book-entry debt security”), or a certificate issued in definitive registered form (as a “certificated debt security”), as described in the applicable prospectus supplement. Except as described under “Global Debt Securities and Book-Entry System” below, book-entry debt securities will not be issuable in certificated form.

Certificated Debt Securities. Certificated debt securities may be transferred or exchanged by the holder at the trustee’s office or paying agencies in accordance with the terms of the indenture. No service charge will be made for any transfer or exchange of certificated debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with a transfer or exchange.

Certificated debt securities and the right to receive the principal of, and interest and any additional amounts on, certificated debt securities may be transferred only by surrendering the old certificate representing those certificated debt securities and either we or the trustee will reissue the old certificate to the new holder, or we or the trustee will issue a new certificate to the new holder.

Global Debt Securities and Book-Entry System. Each global debt security representing book-entry debt securities will be deposited with, or on behalf of, the depository, and registered in the name of the depository or a nominee of the depository. Ownership of beneficial interests in book-entry debt securities will be limited to persons that have accounts with the depository for the related global debt security, whom we refer to as participants, or persons that may hold interests through participants.

Except as described in this prospectus or any applicable prospectus supplement, beneficial owners of book-entry debt securities will not be entitled to have securities registered in their names, will not receive or be entitled to receive physical delivery of a certificate in definitive form representing securities, and will not be considered the owners or holders of those securities under the indenture. Accordingly, to exercise any rights of a holder under the indenture, each person beneficially owning book-entry debt securities must rely on the procedures of the depository for the related global debt security and, if that person is not a participant, on the procedures of the participant through which that person owns its interest.

We understand, however, that under existing industry practice, the depository will authorize the persons on whose behalf it holds a global debt security to exercise certain rights of holders of debt securities, and the indenture provides that we, the trustee, and our respective agents will treat as the holder of a debt security the persons specified in a written statement of the depository with respect to that global debt security for purposes of obtaining any consents or directions required to be given by holders of the debt securities pursuant to the indenture.

We will make payments of principal of, and interest and any additional amounts on, book-entry debt securities to the depository or its nominee, as the case may be, as the registered holder of the related global debt security. We, the trustee, and any other agent of ours or agent of the trustee will not have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in a global debt security or for maintaining, supervising, or reviewing any records relating to such beneficial ownership interests.

Any certificated debt securities issued in exchange for a global debt security will be registered in such name or names as the depository shall instruct the trustee. We expect that such instructions will be based upon directions received by the depository from participants with respect to ownership of book-entry debt securities relating to such global debt security.

No Protection in the Event of a Change in Control

Unless we provide otherwise in the applicable prospectus supplement, the debt securities will not contain any provisions that may afford holders of the debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control).

Covenants

Unless we provide otherwise in the applicable prospectus supplement, the debt securities will not contain any restrictive covenants, including covenants restricting us or any of our subsidiaries from incurring, issuing, assuming, or guaranteeing any indebtedness secured by a lien on any of our or our subsidiaries' property or capital stock or restricting us or any of our subsidiaries from entering into any sale and leaseback transactions.

Merger, Consolidation, and Sale of Assets

Unless we provide otherwise in the applicable prospectus supplement, we may not merge with or into or consolidate with, or convey, transfer, or lease all or substantially all of our properties and assets to, any person (a "successor person"), and we may not permit any person to merge into, or convey, transfer, or lease its properties and assets substantially as an entirety to us, unless the following applies:

- either (a) the company is the surviving entity or (b) the successor person is a corporation, partnership, trust, or other entity organized and validly existing under the laws of any United States domestic jurisdiction and expressly assumes our obligations on the debt securities and under the indenture;
- immediately after giving effect to the transaction, no event of default, and no event that, after notice or lapse of time, or both, would become an event of default, shall have occurred and be continuing under the indenture; and

[Table of Contents](#)

- certain other conditions that may be set forth in the applicable prospectus supplement are met.

This covenant would not apply to any recapitalization transaction, a change in control of us, or a transaction in which we incur a large amount of additional debt unless the transactions or change in control included a merger, consolidation, or transfer or lease of substantially all of our assets. Except as may be described in the applicable prospectus supplement, there are no covenants or other provisions in the indenture providing for a “put” right or increased interest or that would otherwise afford holders of debt securities additional protection in the event of a recapitalization transaction, a change in control of us, or a transaction in which we incur a large amount of additional debt.

Events of Default Under the Indenture

Unless we provide otherwise in the applicable prospectus supplement, an “event of default” will mean, with respect to any series of debt securities, any of the following:

- the Company defaults in the payment of interest on any security of that series or any coupon appertaining thereto or any additional amount payable with respect to any security of that series when the same becomes due and payable and such default continues for a period of 30 days;
- the Company defaults in the payment of the principal of or any premium on any security of that series when the same becomes due and payable at its maturity or on redemption or otherwise, or in the payment of a mandatory sinking fund payment when and as due by the terms of the securities of that series, and in each case such default continues for a period of 10 days;
- the Company defaults in the performance of, or breaches, any covenant or warranty of the Company in the indenture with respect to any security of that series (other than a covenant or warranty a default in whose performance or whose breach is elsewhere in this Section specifically dealt with) and such default or breach continues for a period of 60 days after there has been given, by registered or certified mail, to the Company by the trustee or to the Company and the trustee by the holders of at least 25% in principal amount of the outstanding securities of that series, a written notice specifying such default or breach and requiring it to be remedied and stating that such notice is a “Notice of Default” hereunder;
- the Company pursuant to or within the meaning of any bankruptcy law (A) commences a voluntary case, (B) consents to the entry of an order for relief against it in an involuntary case, (C) consents to the appointment of a custodian of it or for all or substantially all of its property, or (D) makes a general assignment for the benefit of its creditors;
- a court of competent jurisdiction enters an order or decree under any bankruptcy law that (A) is for relief against the Company in an involuntary case, (B) appoints a custodian of the Company or for all or substantially all of its property, or (C) orders the liquidation of the Company; and the order or decree remains unstayed and in effect for 90 days; or
- any other event of default provided with respect to debt securities of that series that is included in any supplemental indenture or is described in the applicable prospectus supplement accompanying this prospectus.

No event of default with respect to a particular series of debt securities (except as to certain events of bankruptcy, insolvency, or reorganization) necessarily constitutes an event of default with respect to any other series of debt securities. An event of default may also be an event of default under our bank credit agreements or other debt securities in existence from time to time and under certain guaranties by us of any subsidiary indebtedness. In addition, certain events of default or an acceleration under the indenture may also be an event of default under some of our other indebtedness outstanding from time to time.

Unless we provide otherwise in the applicable prospectus supplement, if an event of default with respect to debt securities of any series at the time outstanding occurs and is continuing (other than certain events of our bankruptcy, insolvency, or reorganization), then the trustee or the holders of not less than a majority in principal amount of the outstanding debt securities of that series may, by written notice to us (and to the trustee if given by the holders), declare to be due and payable immediately the principal (or, if the debt securities of that series are discount securities, that portion of the principal amount as may be specified in the terms of that series) of and accrued and

[Table of Contents](#)

unpaid interest, if any, of all debt securities of that series. In the case of an event of default resulting from certain events of bankruptcy, insolvency, or reorganization, the principal (or such specified amount) of and accrued and unpaid interest, if any, of all outstanding debt securities will become and be immediately due and payable without any declaration or other act by the trustee or any holder of outstanding debt securities.

At any time after an acceleration with respect to debt securities of a series has been made, but before a judgment or decree for payment of the money due has been obtained by the trustee, the holders of not less than a majority in principal amount of the outstanding debt securities of that series may cancel the acceleration and annul its consequences if the rescission would not conflict with any judgment or decree and if all existing events of default with respect to that series have been cured or waived except nonpayment of principal (or such lesser amount) or interest that has become due solely because of the acceleration.

The indenture also provides that the holders of not less than a majority in principal amount of the outstanding debt securities of any series may waive any past default with respect to that series and its consequences, except a default involving the following:

- our failure to pay the principal of, and interest and any additional amounts on, any debt security; or
- a covenant or provision contained in the indenture that cannot be modified or amended without the consent of the holders of each outstanding debt security affected by the default.

The trustee is generally required to give notice to the holders of debt securities of each affected series within 90 days of a default actually known to a responsible officer of the trustee unless the default has been cured or waived. The indenture provides that the trustee may withhold notice to the holders of debt securities of any series of any default or event of default (except in payment on any debt securities of that series) with respect to debt securities of that series if it in good faith determines that withholding notice is in the interest of the holders of those debt securities.

Unless we provide otherwise in the applicable prospectus supplement, the indenture will provide that the trustee will be under no obligation to exercise any of its rights or powers under the indenture at the request or discretion of any holder of any such outstanding debt securities unless the trustee receives indemnity satisfactory to it against any loss, liability, or expense. Subject to certain rights of the trustee, the holders of a majority in principal amount of the outstanding debt securities of any series will have the right to direct the time, method, and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to the debt securities of that series. The trustee may, however, refuse to follow any discretion that conflicts with the indenture or any law or which may be unduly prejudicial to the holders of the debt securities of the applicable series not joining in the discretion.

Unless we provide otherwise in the applicable prospectus supplement, no holder of any debt security of any series will have any right to institute any proceeding, judicial or otherwise, with respect to the indenture or for the appointment of a receiver or trustee, or for any remedy under the indenture, unless:

- that holder has previously given to the trustee written notice of a continuing event of default with respect to debt securities of that series; and
- the holders of at least 25% in principal amount of the outstanding debt securities of that series have made written request, and offered reasonable indemnity, to the trustee to institute such proceeding as trustee, and the trustee shall not have received from the holders of a majority in principal amount of the outstanding debt securities of that series a direction inconsistent with that request and has failed to institute the proceeding within 60 days.

Notwithstanding the foregoing, except as provided in the subordination provisions, if any, the holder of any debt security will have an absolute and unconditional right to receive payment of the principal of, and any interest or additional amounts on, that debt security on or after the due dates expressed in that debt security and to institute suit for the enforcement of payment.

The indenture requires us, within 120 days after the end of our fiscal year, to furnish to the trustee a certificate as to compliance with the indenture, or, in the event of noncompliance, specify the noncompliance and the nature and status of the noncompliance.

Modification of Indenture and Waiver

Except as specified below, modifications and amendments to the indenture require the approval of not less than a majority in principal amount of our outstanding debt securities.

Changes Requiring the Unanimous Approval. We and the trustee may not make any modification or amendment to the indenture without the consent of the holder of each affected debt security then outstanding if that amendment will have any of the following results:

- reduce the rate of or extend the time for payment of interest, including default interest, on any debt security;
- reduce the principal of or any additional amounts on or change the fixed maturity of any debt security or reduce the amount of, or postpone the date fixed for, the payment of any sinking fund or analogous obligation with respect to any series of debt securities;
- reduce the principal amount of discount securities payable upon acceleration of maturity;
- waive a default in the payment of the principal of, and interest or any additional amounts on, any debt security, except a rescission of acceleration of the debt securities of any series by the holders of at least a majority in aggregate principal amount of the then outstanding debt securities of that series and a waiver of the payment default that resulted from that acceleration;
- make the principal of, or interest or any additional amounts on, any debt security payable in currency other than that stated in the debt security;
- change the place of payment on a debt security;
- change the currency or currencies of payment of the principal of, and any premium, make-whole payment, interest, or additional amounts on, any debt security;
- impair the right to initiate suit for the enforcement of any payment on or with respect to any debt security;
- reduce the percentage of holders of debt securities whose consent is needed to modify or amend an indenture, to waive compliance with certain provisions of an indenture, or to waive certain defaults;
- reduce the percentage of the holders of outstanding debt securities of any series necessary to modify or amend the indenture, to waive compliance with provisions of the indenture or defaults and their consequences under the indenture, or to reduce the quorum or voting requirements contained in the indenture;
- make any change that adversely affects the right to convert or exchange any debt security other than as permitted by the indenture or decrease the conversion or exchange rate or increase the conversion or exchange price of any such debt security;
- waive a redemption payment with respect to any debt security; or
- make any change to certain provisions of the indenture relating to, among other things, the right of holders of debt securities to receive payment of the principal of, and interest and any additional amount on, those debt securities, the right of holders to institute suit for the enforcement of any payment, or the right of holders to waive past defaults.

Changes Not Requiring Approval of Debt Holders. We and the trustee may modify or amend an indenture, without the consent of any holder of debt securities, for any of the following purposes:

- to evidence the succession of another person to us as obligor under the indenture;
- to add to our existing covenants additional covenants for the benefit of the holders of all or any series of debt securities, or to surrender any right or power conferred upon us in the indenture;
- to add events of default for the benefit of the holders of all or any series of debt securities;
- to add or change any provisions of the indenture to facilitate the issuance of, or to liberalize the terms of, debt securities in bearer form, or to permit or facilitate the issuance of debt securities in uncertificated form, provided that this action will not adversely affect the interests of the holders of the debt securities of any series in any material respect;
- to add, change, or eliminate any provisions of the indenture, provided that any addition, change, or elimination (a) shall neither (i) apply to any debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor (ii) modify the rights of the holder of any debt security with respect to such provision, or (b) shall become effective only when there are no outstanding debt securities;

[Table of Contents](#)

- to establish additional series of debt securities;
- to secure previously unsecured debt securities;
- to establish the form or terms of debt securities of any series, including the provisions and procedures, if applicable, for the conversion or exchange of the debt securities into our common stock, preferred stock, or other securities or property;
- to evidence and provide for the acceptance or appointment of a successor trustee or facilitate the administration of the trusts under the indenture by more than one trustee;
- to make any provision with respect to the conversion or exchange of rights of holders pursuant to the requirements of the indenture;
- to cure any ambiguity, defect, or inconsistency in the indenture, provided that the action does not adversely affect the interests of holders of debt securities of any series issued under the indenture;
- to close the indenture with respect to the authentication and delivery of additional series of debt securities or to qualify, or maintain qualification of, the indenture under the Trust Indenture Act; or
- to supplement any of the provisions of the indenture to the extent necessary to permit or facilitate defeasance and discharge of any series of debt securities, provided that the action shall not adversely affect the interests of the holders of the debt securities of any series in any material respect.

A vote by holders of debt securities will not be required for clarifications and certain other changes that would not adversely affect holders of the debt securities.

Defeasance of Debt Securities and Certain Covenants in Certain Circumstances

Legal Defeasance. Unless the terms of the applicable series of debt securities provide otherwise, we may be discharged from any and all obligations in respect of the debt securities of any series (except for certain obligations to register the transfer or exchange of debt securities of the series; to replace stolen, lost, or mutilated debt securities of the series; and to maintain paying agencies and certain provisions relating to the treatment of funds held by paying agents). We will be so discharged upon the deposit with the trustee, in trust, of money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations (as described at the end of this section), that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient to pay and discharge each installment of principal, interest, and any additional amounts on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of such payments in accordance with the terms of the indenture and those debt securities.

This discharge may occur only if, among other things, we have delivered to the trustee an officers' certificate and an opinion of counsel stating that we have received from, or there has been published by, the U.S. Internal Revenue Service a ruling or, since the date of execution of the indenture, there has been a change in the applicable U.S. federal income tax law, in either case to the effect that holders of the debt securities of such series will not recognize income, gain, or loss for U.S. federal income tax purposes as a result of the deposit, defeasance, and discharge and will be subject to U.S. federal income tax on the same amount and in the same manner and at the same times as would have been the case if the deposit, defeasance, and discharge had not occurred.

Defeasance of Certain Covenants. Unless the terms of the applicable series of debt securities provide otherwise, upon compliance with certain conditions, we may omit to comply with the restrictive covenants contained in the indenture, as well as any additional covenants contained in the applicable prospectus supplement. The conditions include, among others, the following:

- depositing with the trustee money and/or U.S. government obligations or, in the case of debt securities denominated in a single currency other than U.S. dollars, foreign government obligations, that, through the payment of interest and principal in accordance with their terms, will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay principal, interest, and any additional amounts on and any mandatory sinking fund payments in respect of the debt securities of that series on the stated maturity of those payments in accordance with the terms of the indenture and those debt securities; and
- delivering to the trustee an opinion of counsel to the effect that the holders of the debt securities of that series will not recognize income, gain, or loss for U.S. federal income tax purposes as a result of the deposit and related covenant defeasance and will be subject to U.S. federal income tax in the same amount and in the same manner and at the same times as would have been the case if the deposit and related covenant defeasance had not occurred.

Covenant Defeasance and Events of Default

If we exercise our option, as described above, not to comply with certain covenants of the indenture with respect to any series of debt securities, and the debt securities of that series are declared due and payable because of the occurrence of any event of default, the amount of money and/or U.S. government obligations or foreign government obligations on deposit with the trustee will be sufficient to pay amounts due on the debt securities of that series at the time of their stated maturity but may not be sufficient to pay amounts due on the debt securities of that series at the time of the acceleration resulting from the event of default. However, we will remain liable for those payments.

“Foreign government obligations” means, with respect to debt securities of any series that are denominated in a currency other than United States dollars:

- direct obligations of the government that issued or caused to be issued such currency for the payment of which obligations its full faith and credit is pledged, which are not callable or redeemable at the option of the issuer thereof; or
- obligations of a person controlled or supervised by or acting as an agency or instrumentality of that government, the timely payment of which is unconditionally guaranteed as a full faith and credit obligation by that government, which are not callable or redeemable at the option of the issuer thereof.

Guarantees

Our payment obligations under any series of debt securities may be guaranteed by us or one or more of our subsidiaries. The terms of any such guarantee will be set forth in the applicable prospectus supplement.

Subordination

We will set forth in the applicable prospectus supplement the terms and conditions, if any, upon which any series of senior subordinated securities or subordinated securities is subordinated to debt securities of another series or to other indebtedness of ours. The terms will include a description of the following:

- the indebtedness ranking senior to the debt securities being offered;
- any restrictions on payments to the holders of the debt securities being offered while a default with respect to the senior indebtedness is continuing;
- any restrictions on payments to the holders of the debt securities being offered following an event of default; and
- provisions requiring holders of the debt securities being offered to remit some payments to holders of senior indebtedness.

Conversion and Exchange Rights

The terms on which debt securities of any series may be convertible into or exchangeable for our common stock, preferred stock, or other securities or property of our Company will be described in the applicable prospectus supplement. These terms will include the following:

- the conversion or exchange price, or the manner of calculating the price;
- the exchange or conversion period;
- whether the conversion or exchange is mandatory, or voluntary at the option of the holder, or at our option;
- any restrictions on conversion or exchange in the event of redemption of the debt securities and any restrictions on conversion or exchange; and
- the means of calculating the number of shares of our common stock, preferred stock, or other securities or property of our Company to be received by the holders of debt securities.

The conversion or exchange price of any debt securities of any series that are convertible into our common stock or preferred stock may be adjusted for any stock dividends, stock splits, reclassification, combinations, or similar transactions, as set forth in the applicable prospectus supplement.

Redemption of Debt Securities

The debt securities may be subject to optional or mandatory redemption on terms and conditions described in the applicable prospectus supplement. Subject to such terms, we may opt at any time to partially or entirely redeem the debt securities.

If less than all the debt securities of any series are to be redeemed or purchased in an offer to purchase at any time, the trustee will select the debt securities of that series to be redeemed or purchased as follows: (1) if the securities of such series are listed on any national securities exchange, in compliance with the requirements of the principal national securities exchange on which the debt securities of that series are listed, or (2) if the debt securities of that series are not listed on a national securities exchange, on a pro rata basis, by lot, or by such other method as the trustee deems fair and appropriate.

Except as otherwise provided as to any particular series of debt securities, at least 30 days but not more than 60 days before a redemption date, we or the trustee will mail a notice of redemption to each holder whose debt securities are to be redeemed. From and after notice has been given as provided in the applicable indenture, if funds for the redemption of any debt securities called for redemption shall have been made available on the redemption date, the debt securities will cease to bear interest on the date fixed for the redemption specified in the notice, and the only right of the holders of the debt securities will be to receive payment of the redemption price.

Governing Law

The indentures and the debt securities will be governed by and construed in accordance with the laws of the state of Michigan, except to the extent that the Trust Indenture Act is applicable.

DESCRIPTION OF RIGHTS

In this section, we describe the general terms and provisions of the rights to securities that we may offer to our shareholders. Rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the rights. In connection with any rights offering to our shareholders, we may enter into a standby underwriting or other arrangement with one or more underwriters or other persons pursuant to which such underwriters or other person would purchase any offered securities remaining unsubscribed for after such rights offering. Each series of rights will be issued under a separate rights agent agreement to be entered into between us and a bank or trust company, as rights agent, that we will name in the applicable prospectus supplement. The rights agent will act solely as our agent in connection with the certificates relating to the rights of the series of certificates and will not assume any obligation or relationship of agency or trust for or with any holders of rights certificates or beneficial owners of rights.

The prospectus supplement relating to any rights we offer will include specific terms relating to the offering, including, among others, the date of determining the shareholders entitled to the rights distribution, the aggregate number of rights issued and the aggregate amount of securities purchasable upon exercise of the rights, the exercise price, the conditions to completion of the offering, the date on which the right to exercise the rights will commence and the date on which the right will expire, and any applicable U.S. federal income tax considerations. To the extent that any particular terms of the rights, rights agent agreements, or rights certificates described in a prospectus supplement differ from any of the terms described here, then the terms described here will be deemed to have been superseded by that prospectus supplement.

Each right would entitle the holder of the right to purchase for cash the principal amount of securities at the exercise price set forth in the applicable prospectus supplement. Rights may be exercised at any time up to the close of business on the expiration date for the rights provided in the applicable prospectus supplement. After the close of business on the expiration date, all unexercised rights would become void and of no further force or effect.

Holders may exercise rights as described in the applicable prospectus supplement. Upon receipt of payment and the rights certificate properly completed and duly executed at the corporate trust office of the rights agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, forward the securities purchasable upon exercise of the rights. If less than all of the rights issued in any rights offering are exercised, we may offer any unsubscribed securities directly to persons other than shareholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby arrangements, as described in the applicable prospectus supplement.

[Table of Contents](#)

The description in the applicable prospectus supplement and other offering material of any rights we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable rights agent agreement, which will be filed with the SEC if we offer rights. For more information on how you can obtain copies of the applicable rights agent agreement if we offer rights, see “Documents Incorporated by Reference” and “Where You Can Find More Information.” We urge you to read the applicable rights agent agreement and the applicable prospectus supplement and any other offering material in their entirety.

DESCRIPTION OF WARRANTS

We may issue warrants from time to time in one or more series for the purchase of our common stock or preferred stock or any combination of those securities. Warrants may be issued independently or together with any shares of common stock or shares of preferred stock or offered by any prospectus supplement and may be attached to or separate from common stock or preferred stock. Each series of warrants will be issued under a separate warrant agreement to be entered into between us and a warrant agent, or any other bank or trust company specified in the related prospectus supplement relating to the particular issue of warrants. The warrant agent will act as our agent in connection with the warrants and will not assume any obligation or relationship of agency or trust for or with any holders of warrants or beneficial owners of warrants. The specific terms of a series of warrants will be described in the applicable prospectus supplement relating to that series of warrants along with any general provisions applicable to that series of warrants.

The following is a general description of the warrants we may issue. The applicable prospectus supplement will describe the specific terms of any issuance of warrants. The terms of any warrants we offer may differ from the terms described in this prospectus. As a result, we will describe in the prospectus supplement the specific terms of the particular series of warrants offered by that prospectus supplement. Accordingly, for a description of the terms of a particular series of warrants, you should carefully read this prospectus, the applicable prospectus supplement, and the applicable warrant agreement, which will be filed as an exhibit to the registration statement of which this prospectus forms a part.

Terms. If warrants are offered by us, the prospectus supplement will describe the terms of the warrants, including the following if applicable to the particular offering:

- the title of the warrants;
- the total number of warrants;
- the number of shares of common stock purchasable upon exercise of the warrants to purchase common stock and the price at which such shares of common stock may be purchased upon exercise;
- the designation and terms of the preferred stock with which the warrants are issued and the number of warrants issued with each share of preferred stock;
- the date on and after which the warrants and the related common stock or preferred stock will be separately transferable;
- if applicable, the date on which the right to exercise the warrants will commence and the date on which this right will expire;
- if applicable, the minimum or maximum amount of the warrants which may be exercised at any one time;
- a discussion of federal income tax, accounting and other special considerations, procedures and limitations relating to the warrants; and
- any other terms of the warrants including terms, procedures and limitations relating to the exchange and exercise of the warrants.

Warrants may be exchanged for new warrants of different denominations, may be presented for registration of transfer, and may be exercised at the office of the warrant agent or any other office indicated in the prospectus supplement. Before the exercise of their warrants, holders of warrants will not have any of the rights of holders of shares of common stock or shares of preferred stock purchasable upon exercise, including the right to receive payments of dividends, if any, on the shares common stock or preferred stock purchasable upon such exercise or to exercise any applicable right to vote.

[Table of Contents](#)

Exercise of Warrants. Each warrant will entitle the holder to purchase a number of shares of common stock or shares of preferred stock at an exercise price as will in each case be set forth in, or calculable from, the prospectus supplement relating to those warrants. Warrants may be exercised at the times set forth in the prospectus supplement relating to the warrants. After the close of business on the expiration date (or any later date to which the expiration date may be extended by us), unexercised warrants will become void. Subject to any restrictions and additional requirements that may be set forth in the prospectus supplement relating thereto, warrants may be exercised by delivery to the warrant agent of the certificate evidencing the warrants properly completed and duly executed and of payment as provided in the prospectus supplement of the amount required to purchase shares of common stock or shares of preferred stock purchasable upon such exercise. The exercise price will be the price applicable on the date of payment in full, as set forth in the prospectus supplement relating to the warrants. Upon receipt of the payment and the certificate representing the warrants to be exercised properly completed and duly executed at the office of the warrant agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, issue and deliver the shares of common stock or shares of preferred stock purchasable upon such exercise. If fewer than all of the warrants represented by that certificate are exercised, a new certificate will be issued for the remaining amount of warrants.

The description in the applicable prospectus supplement and other offering material of any warrants we offer will not necessarily be complete and will be qualified in its entirety by reference to the applicable warrant agreement, which will be filed with the SEC if we offer warrants. For more information on how you can obtain copies of the applicable warrant agreement if we offer warrants, see “Documents Incorporated by Reference” and “Where You Can Find More Information.” We urge you to read the applicable warrant agreement and the applicable prospectus supplement and any other offering material in their entirety.

SELLING STOCKHOLDERS

We are registering for resale certain shares of our common stock, which may be sold from time to time by the selling stockholders. The term “selling stockholders” includes the stockholders listed below and their pledgees, donees, transferees or other successors-in-interest. The selling stockholders may sell some, all or none of the shares of common stock as they deem appropriate, and they are under no obligation to sell any of their shares.

The following table sets forth information with respect to the number of shares of our common stock owned by the selling stockholders prior to this offering, the number of shares that may be offered under this prospectus by the selling stockholders, and the number of shares of our common stock and the percentage of our common stock to be owned by the selling stockholders after completion of this offering, assuming that all shares offered by the selling stockholders are sold as contemplated herein. Ownership reflected in this table is based upon information provided to us by the selling stockholders and reflects holdings as of March 4, 2013.

Unless otherwise indicated, the selling stockholders have sole voting and investment power with respect to shares shown as beneficially owned by them. The number of shares of our common stock beneficially owned by the selling stockholders includes shares of common stock that the selling stockholders can acquire within 60 days after March 4, 2013, through the exercise of any outstanding stock option or other right. The percentage of common stock owned after the offering is based on 30,053,912 shares of our common stock outstanding as of March 4, 2013.

The selling stockholders are Matthew T. Moroun and trusts controlled by Matthew T. Moroun and Manuel J. Moroun, respectively, as listed in the table below. Matthew T. Moroun is the Chairman of the Board of Directors and Manuel J. Moroun is a member of the Board of Directors.

Information about the selling stockholders and the number of shares that may be sold from time to time by the selling stockholders may change over time and will be updated in supplements to this prospectus if and when necessary.

⁽¹⁾ Matthew T. Moroun is the son of Manuel J. Moroun. Matthew T. Moroun, individually and in his capacity as trustee of the MJ Moroun 2012 Annuity Trust, dated April 30, 2012, and Manuel J. Moroun, in his capacity as trustee of the Manuel J. Moroun Revocable Trust U/A/D 3/24/77, as amended and restated on December 22, 2004, have agreed to vote their shares as a group. Each of Matthew T. Moroun and Manuel J. Moroun, in each of his respective capacities, disclaims beneficial ownership of the shares held of record by the other.

⁽²⁾ Assumes that all shares offered by the selling stockholder are sold and no shares are issued by the Company.

⁽³⁾ Includes all shares held of record by the MJ Moroun 2012 Annuity Trust, dated April 30, 2012, of which Matthew T. Moroun is the trustee and a beneficiary. Matthew T. Moroun, as trustee, has sole voting and investment power over such shares.

⁽⁴⁾ Assumes that only the shares offered by Matthew T. Moroun are sold and no shares offered by the MJ Moroun 2012 Annuity Trust are sold. If all shares offered by Matthew T. Moroun and the MJ Moroun 2012 Annuity Trust are sold, the number of shares beneficially owned by Matthew T. Moroun after the offering would be 12,870,885 shares, or 42.83% of the shares of our common stock outstanding as of March 4, 2013.

⁽⁵⁾ All shares are held of record for the benefit of Manuel J. Moroun by the Manuel J. Moroun Revocable Trust U/A/D 3/24/77, as amended and restated on December 22, 2004. Manuel J. Moroun, as trustee, has sole voting and investment power over such shares.

PLAN OF DISTRIBUTION

Either we or the selling stockholders may sell the securities described in this prospectus on a continuous or delayed basis directly to purchasers or through underwriters, broker-dealers or agents, who may receive compensation in the form of discounts, concessions or commissions from us, or the selling stockholders, or the purchasers of the securities. These discounts, concessions or commissions as to any particular underwriter, broker-dealer or agent may be in excess of those customary in the types of transactions involved.

The securities may be sold from time to time in one or more transactions at fixed prices, which may be changed from time to time, at prevailing market prices at the time of sale, at varying prices determined at the time of sale or at negotiated prices. These sales may be effected in transactions, which may involve crosses or block transactions:

- on any national securities exchange or quotation service on which the securities may be listed or quoted at the time of sale, including, as of the date of this prospectus, the NASDAQ Global Select Market in the case of our common stock;
- in the over-the-counter market;
- in transactions otherwise than on these exchanges or services or in the over-the-counter market; or
- through the writing of options, whether the options are listed on an options exchange or otherwise.

Each time that this prospectus is used to sell our securities, we will also provide an accompanying prospectus supplement. For each series of securities, the applicable prospectus supplement will set forth the terms of the offering including:

- the public offering price;
- the name or names of any underwriters, dealers or agents;
- the purchase price of the securities;
- the proceeds from the sale of the securities to us;
- any underwriting discounts, agency fees, or other compensation payable to underwriters or agents;
- any discounts or concessions allowed or reallowed or repaid to dealers; and
- the securities exchanges on which the securities will be listed, if any.

If underwriters are used in the sale of securities, the securities will be acquired by the underwriters for their own account. The underwriters may then resell the securities in one or more transactions at a fixed public offering price or at varying prices determined at the time of sale or thereafter. The securities may be either offered to the public through underwriting syndicates represented by managing underwriters, or directly by underwriters. The obligations of the underwriters to purchase the securities will be subject to certain conditions. The underwriters will be obligated to purchase all the securities offered if they purchase any securities. The public offering price and any discounts or concessions allowed or re-allowed or paid to dealers may be changed from time to time.

If dealers are used in the sale of securities, the securities will be sold to such dealers as principals. The dealers may then resell the securities to the public at varying prices to be determined by such dealers at the time of resale. Offers to purchase the securities directly may be solicited, and we or the selling stockholders may sell the securities directly to institutional or other investors, who may be deemed underwriters within the meaning of the Securities Act with respect to any resales of those securities. The terms of these sales will be described in the applicable prospectus supplement. If agents are used in the sale of securities, unless otherwise indicated in the prospectus supplement, they will use their reasonable best efforts to solicit purchases for the period of their appointment. Unless otherwise indicated in a prospectus supplement, if we or the selling stockholders sell directly, no underwriters, dealers or agents would be involved. We or the selling stockholders will not make an offer of securities in any jurisdiction that does not permit such an offer.

From time to time, each of the selling stockholders may pledge, hypothecate or grant a security interest in some or all of the shares owned by each of them. The pledgees, secured parties or persons to whom the shares have been hypothecated will, upon foreclosure in the event of default, be deemed to be selling stockholders. The number of

[Table of Contents](#)

the selling stockholder's shares offered under this prospectus will decrease as and when it takes such action. The plan of distribution for that selling stockholder's shares will otherwise remain unchanged. In addition, a selling stockholder may, from time to time, sell the shares short, and, in those instances, this prospectus and any applicable prospectus supplement may be delivered in connection with the short sales and the shares offered under this prospectus may be used to cover short sales.

The selling stockholders also may transfer the shares of common stock in other circumstances, in which case the donees, transferees, assignees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus and may sell the shares of common stock from time to time under this prospectus after we have filed any necessary supplement to this prospectus under Rule 424(b)(3) or other applicable provision of the Securities Act supplementing or amending the list of selling stockholders to include the donee, pledgee, transferee, assignee or other successor in interest as a selling stockholder under this prospectus.

We or the selling stockholders may grant underwriters who participate in the distribution of securities an option to purchase additional securities to cover overallocments, if any, in connection with the distribution. Any underwriter may engage in overallocation, stabilizing transactions, short covering transactions and penalty bids in accordance with SEC orders, rules and regulations and applicable law. To the extent permitted by applicable law and SEC orders, rules and regulations, an overallocation involves sales in excess of the offering size, which create a short position. Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum. To the extent permitted by applicable law and SEC orders, rules and regulations, short covering transactions involve purchases of the common stock in the open market after the distribution is completed to cover short positions. Penalty bids permit the underwriters to reclaim a selling concession from a dealer when the common stock originally sold by the dealer is purchased in a covering transaction to cover short positions. Those activities may cause the price of the common stock to be higher than it would otherwise be. If commenced, the underwriters may discontinue any of the activities at any time.

Any underwriters who are qualified market makers on the NASDAQ Stock Market may engage in passive market making transactions in the common stock on the NASDAQ Stock Market in accordance with Rule 103 of Regulation M, during the business day prior to the pricing of the offering, before the commencement of offers or sales of the common stock. Passive market makers must comply with applicable volume and price limitations and must be identified as passive market makers. In general a passive market maker must display its bid at a price not in excess of the highest independent bid for such security; if all independent bids are lowered below the passive market maker's bid, however, the passive market maker's bid must then be lowered when certain purchase limits are exceeded.

The selling stockholders and any underwriters, dealers and agents that participate in any distribution of securities will be deemed to be underwriters as defined in the Securities Act. Any discounts, commissions or profit they receive when they resell the securities may be treated as underwriting discounts and commissions under the Securities Act. Because the selling stockholders will be deemed to be underwriters within the meaning of the Securities Act, the selling stockholders will be subject to the prospectus delivery requirements of the Securities Act.

Only underwriters named in the prospectus supplement are underwriters of the securities offered in the prospectus supplement. We or the selling stockholders may have agreements with underwriters, dealers and agents to indemnify them against certain civil liabilities, including certain liabilities under the Securities Act, or to contribute with respect to payments that they may be required to make.

We or the selling stockholders may authorize underwriters, dealers or agents to solicit offers from certain institutions whereby the institution contractually agrees to purchase the securities from us or the selling stockholders on a future date at a specific price. This type of contract may be made only with institutions specially approved by us or the selling stockholders. Such institutions could include banks, insurance companies, pension funds, investment companies and educational and charitable institutions. The underwriters, dealers or agents will not be responsible for the validity or performance of these contracts.

The selling stockholders may enter into hedging transactions with broker-dealers, and the broker-dealers may engage in short sales of the common stock in the course of hedging the positions they assume with a selling stockholder, including, without limitation, in connection with distributions of the common stock by those broker-dealers. The selling stockholders may enter into option or other transactions with broker-dealers, who may then resell or otherwise transfer those shares of common stock. The selling stockholders may also loan or pledge the common stock offered by the selling stockholders under this prospectus to a broker-dealer and the broker-dealer may sell the common stock so loaned or upon a default may sell or otherwise transfer the common stock so pledged.

Each series of securities will be a new issue of securities. Our common stock is listed on the NASDAQ Global Select Market. Unless otherwise specified in the applicable prospectus supplement, the securities will not be listed

[Table of Contents](#)

on any exchange. It has not presently been established whether the underwriters, if any, of the securities will make a market in the securities. If the underwriters make a market in the securities, such market making may be discontinued at any time without notice.

Agents, dealers and underwriters may be entitled to indemnification by us or the selling stockholders against certain civil liabilities, including liabilities under the Securities Act, or to contribution with respect to payments which the agents, dealers or underwriters may be required to make in respect thereof. Agents, dealers or underwriters may engage in transactions with or perform services for us and our subsidiaries in the ordinary course of business. The selling stockholders have agreed to indemnify us against specified liabilities.

The validity of the securities offered by this prospectus has been passed upon for us by Mitchell, Williams, Selig, Gates & Woodyard, P.L.L.C., Little Rock, Arkansas. If legal matters in connection with offerings made pursuant to this prospectus are passed upon by counsel for the underwriters, dealers or agents, if any, such counsel will be named in the prospectus supplement relating to such offering.

Item 15. Indemnification of Directors and Officers.

Sections 561 through 571 of the MBCA authorize indemnification of directors and officers of Michigan corporations. Our Articles of Incorporation require us to indemnify directors and officers to the fullest extent permitted by Michigan law. Our Bylaws permit us to indemnify directors and officers against expenses, attorneys' fees, judgments, penalties, fines and settlements reasonably incurred in connection with any threatened, pending or completed action or proceeding brought by a third party so long as the director or officer acted in good faith and in a manner reasonably believed not to be opposed to our best interests or, with respect to any criminal action or proceeding, had no reasonable cause to believe that his or her conduct was unlawful. Indemnification includes civil, criminal, administrative or investigative proceedings and service at our request as a director, officer, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise, whether for profit or not. The Bylaws also allow us to indemnify directors and officers against expenses and attorneys' fees related to any threatened, pending or completed action brought by or in the right of the Company so long as the director acted in good faith and in a manner reasonably believed not to be opposed to our best interests. The Bylaws require us to indemnify officers and directors whose defense on the merits or otherwise has been successful; however, no indemnification is allowed as to any claim where the director or officer is judged to be liable to us in the performance of his or her duties to us unless such indemnification is specifically approved by the court in which such action was brought.

Although our Bylaws permit indemnification in the situations described above, each request for indemnification must be individually authorized by (1) the board by a majority of a quorum consisting of directors who were not parties or threatened to be made parties to the action or proceeding, (2) independent legal counsel in a written opinion if such quorum is not obtainable or (3) our shareholders. To the extent that a director or officer is successful on the merits or otherwise in defense of any action, suit or proceeding, our Bylaws dictate that he or she must be indemnified against expenses actually and reasonably incurred. The Bylaws also provide that indemnification is a contractual right between the Company and the officer or director that is not adversely affected by a repeal of the Bylaw indemnification provisions.

Our board of directors has approved, and we have entered into, indemnification agreements with certain of our directors and elected officers which provide for indemnification against expenses incurred in connection with, as well as judgments, fines and amounts paid in settlement resulting from any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative, by reason of the fact that he or she is or was a director, officer, employee or agent of the Company, or is or was serving at our request as a director, trustee, officer, employee or agent of another foreign or domestic corporation, partnership, joint venture, trust or other enterprise, so long as such amounts have been actually and reasonably incurred by the indemnitee.

[Table of Contents](#)

Section 567 of the MBCA and our Bylaws authorize us to purchase and maintain insurance on behalf of a person who is or was a director, officer, employee or agent of us or who serves at the request of us as a director, officer, employee or agent of a nonprofit or for profit foreign or domestic corporation, partnership, joint venture, trust or other enterprise, whether or not we would have the power to indemnify him or her under the Bylaws or the laws of the State of Michigan. We maintain a directors' and officers' insurance policy, which insures directors and officers against unindemnified losses from certain wrongful acts in their capacities as directors and officers and reimburses us for those losses for which we have lawfully indemnified the directors and officers.

In addition, we entered into an Amended and Restated Registration Rights Agreement dated July 25, 2012, with Matthew T. Moroun, the Manuel J. Moroun Revocable Trust U/A, dated March 24, 1977, as amended and restated on December 22, 2004, and the MJ Moroun 2012 Annuity Trust, dated April 30, 2012. This agreement provides for indemnification by the Company of the Morouns for certain liabilities arising under the Securities Act and otherwise in connection with any registration of shares of our common stock pursuant to the agreement.

Item 16. Exhibits.

The exhibits to this registration statement are listed on the exhibit index, which appears elsewhere herein.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) to include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) to reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) to include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, that paragraphs (1)(i), (1)(ii) and (1)(iii) above do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the SEC by the registrant pursuant to Section 13 or 15(d) of the Securities Exchange Act that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act, to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

[Table of Contents](#)

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which the prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act, to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or any prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;
- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act, (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act, may be permitted to directors, officers and controlling persons of the registrant pursuant to the provisions described in Item 15 above, or otherwise, the registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, that the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act, and will be governed by the final adjudication of such issue.

Re: Registration Statement on Form S-3

Gentlemen:

We have acted as counsel to Universal Truckload Services, Inc., a corporation organized under the laws of the State of Michigan (the "Company"), in connection with the preparation and filing with the Securities and Exchange Commission (the "Commission") under the Securities Act of 1933, as amended (the "Securities Act"), of a shelf Registration Statement on Form S-3, as amended (the "Registration Statement"). The Registration Statement is being filed under the Securities Act on the date hereof for the registration of (a) the following securities, to be offered and sold from time to time in one or more offerings by the Company, as more fully described in the Registration Statement:

- (i) common stock, no par value, of the Company;
- (ii) preferred stock, no par value, of the Company;
- (iii) debt securities of the Company;
- (iv) rights of the Company; and
- (v) warrants of the Company;

and (b) secondary shares of common stock, no par value, of the Company to be offered and sold from time to time in one or more offerings by certain selling stockholders of the Company named in the prospectus constituting a part of the Registration Statement (collectively "the Securities").

This opinion letter is furnished to you at your request to enable you to fulfill the requirements of Item 601(b)(5) of Regulation S-K, 17 C.F.R. § 229.601(b)(5), in connection with the Registration Statement.

In so acting we have examined originals, or copies certified or otherwise identified to our satisfaction, of (a) an executed copy of the Registration Statement, including the prospectus filed therewith constituting a part of the Registration Statement and the exhibits to the Registration Statement; (b) those exhibits that have been incorporated by reference to the Registration Statement; (c) the Amended and Restated Articles of Incorporation of the Company; (d) the Second Amended and Restated Bylaws of the Company; (e) certain resolutions adopted by the Board of Directors of the Company (the "Board") with respect to the Registration Statement and the issuance of the Securities contemplated thereby; and (f) such other documents, records, certificates and other instruments as in our judgment are necessary or appropriate for purposes of this opinion.

In our examination of the aforesaid documents, we have assumed the genuineness of all signatures, the legal capacity of all natural persons, the accuracy and completeness of all documents submitted to us, the authenticity of all original documents, and the conformity to authentic original documents of all documents submitted to us as copies. This opinion letter is given, and all statements herein are made, in the context of the foregoing.

This opinion letter is based as to matters of law solely on the Michigan Business Corporation Act, as amended, and the federal laws of the United States. We express no opinion herein as to any other laws, statutes, ordinances, rules or regulations.

With respect to the Securities to be offered and sold by the Company, we have assumed that (i) the Securities to be offered by the Company will have been specifically authorized for issuance by the Board; (ii) any debt securities offered by the Company will be issued pursuant to one or more indentures, each to be between the Company and a financial institution identified therein as the trustee; (iii) any Securities issuable upon conversion, exchange, or exercise of any Securities being offered will have been duly authorized, created, and, if appropriate, reserved for issuance upon such conversion, exchange, or exercise; (iv) the Commission will have entered an appropriate order declaring effective the Registration Statement; (v) a prospectus supplement will have been filed with the Commission describing the Securities offered thereby; (vi) all Securities will be offered and sold in compliance with applicable federal and state securities laws and solely in the manner stated in the Registration Statement and the applicable prospectus supplement; (vii) to the extent applicable, a definitive purchase, underwriting, guarantee, or similar agreement with respect to the Securities will have been duly authorized and validly executed and delivered by the Company and the other parties thereto; and (viii) the terms of the Securities will not violate any applicable law or result in a default under or breach of any agreement or instrument binding upon the Company, and will comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over the Company.

With respect to the issuance and sale of any capital stock by the Company, we have assumed that, at the time of issuance and sale, a sufficient number of shares of common and/or preferred stock are authorized and reserved or available for issuance and that the consideration for the issuance and sale of the capital stock will consist of any tangible or intangible property or benefit to the Company, including but not limited to cash, promissory notes, services performed, contracts for services to be performed, or other securities of the Company, as approved by the Board or a committee thereof, and that such consideration is adequate. We have also assumed that (i) with respect to the issuance and sale of any debt securities by the Company, at the time of execution, authentication, issuance and delivery of such debt securities, the applicable indenture will be the valid and legally binding obligation of the trustee named therein; (ii) with respect to Securities being issued upon conversion of any convertible preferred stock, the applicable convertible preferred stock will be duly authorized, validly issued, fully paid and nonassessable; and (iii) with respect to any Securities being issued upon exercise of any warrants, the applicable warrants will be valid and legally binding obligations of the Company, enforceable against the Company in accordance with their terms, except as enforcement thereof may be limited by bankruptcy, insolvency, reorganization, rehabilitation, moratorium, fraudulent conveyance, marshalling, or other laws relating to or affecting creditors' rights and remedies generally and by general principles of equity (regardless of whether such enforceability is considered in a proceeding at law or in equity).

Based upon, subject to and limited by the foregoing, we are of the opinion that:

1. The shares of common stock of the Company to be offered by the selling stockholders have been duly authorized and are validly issued, fully paid and nonassessable.

2. When issued upon the terms and conditions set forth in the Registration Statement and upon approval of the issuance and sale of the Securities consisting of capital stock, or any portion thereof, by the Board, such Securities will be validly issued, fully paid and nonassessable.

3. With respect to any debt securities, when (i) the terms of the debt securities and of their issuance and sale have been duly established in conformity with the applicable indenture so as not to violate any law or result in any default under or breach of any agreement or instrument binding upon the Company and so as to comply with any requirement or restriction imposed by any court or governmental body having jurisdiction over the Company; (ii) the Board has taken all necessary corporate action to approve the issuance and terms of such debt securities, the terms of the offering thereof, and related matters; (iii) the applicable indenture and any supplemental indenture relating to the debt securities have been duly authorized, executed and delivered by the Company and by the trustee thereunder; (iv) the debt securities have been duly executed and authenticated in accordance with the indenture; and (v) the debt securities have been issued as contemplated in the Registration Statement and any applicable prospectus supplement thereto, such debt securities will constitute valid and binding obligations of the Company.

4. With respect to any rights, when the terms of the rights and of their issuance and sale have been duly authorized by the Company, the applicable rights agreement has been duly authorized, executed and delivered by the parties thereto, and such rights have been duly executed and delivered in accordance with the applicable rights agreement and issued and sold as contemplated in the Registration Statement and any applicable prospectus supplement thereto, such rights will constitute valid and binding obligations of the Company.

5. With respect to any warrants, when (i) the Board has taken all necessary corporate action to approve the issuance and terms of such warrants, the terms, execution and delivery of any warrant agreement relating to the warrants, the terms of the offering thereof and related matters; (ii) the warrant agreement has been duly authorized and validly executed and delivered; and (iii) such warrants have been duly executed, attested, issued and delivered by duly authorized officers of the Company in accordance with the provisions of the applicable warrant agreement and the applicable definitive purchase, underwriting or similar agreement approved by the Board, upon payment of the consideration provided for therein, such warrants will constitute valid and binding obligations of the Company.

Our opinion represents the reasoned judgment of Mitchell, Williams, Selig, Gates & Woodyard, P.L.L.C., as to certain matters of law stated herein and should not be considered or construed as a guaranty. This opinion letter speaks as of the date hereof. Our opinion is subject to future changes in law or fact, and we disclaim any obligation to advise you of or update this opinion for any changes of applicable law or facts that may affect matters or opinions set forth herein.

We hereby consent to the filing of this opinion letter as Exhibit 5.1 to the Registration Statement and to the reference to us under the caption "Legal Matters" in the prospectus included in the Registration Statement. In giving this opinion and consent, we do not admit that we are an "expert" within the meaning of the Securities Act.

Very truly yours,

/s/ MITCHELL, WILLIAMS, SELIG,
GATES & WOODYARD, P.L.L.C.

Re: Universal Truckload Services, Inc.
Registration Statement on Form S-3
Filed March 28, 2013
File No. 333-187587

Dear Mr. Dobbie:

Following are responses of Universal Truckload Services, Inc. (the "Company") to the comments contained in the letter to Mr. H. E. "Scott" Wolfe, dated April 22, 2013. For convenient reference, this response letter duplicates the text of each numbered comment, as well as the headings contained in the comment letter.

Amendment No. 1 to the referenced Form S-3 Registration Statement has been transmitted via EDGAR on the date of this response letter. We have included with this letter two copies of Amendment No. 1, of which one copy is marked to show changes from the original Form S-3 Registration Statement as filed March 28, 2013. Where appropriate, the responses below refer to specific pages or sections of Amendment No. 1.

Comments and Responses

General

1. *Please advise whether you believe you are eligible to conduct a primary offering pursuant to General Instruction I.B.1 of Form S-3. If so, please provide us with your basis for that conclusion. To the extent you do not meet the public float requirement and intend to rely upon General Instruction I.B.6, please revise to include the information required by Instruction 7 to General Instruction I.B.6 on the prospectus cover page.*

Response: The Company meets the requirements for eligibility to conduct a primary offering under General Instruction I.B.1 to Form S-3. General Instruction I.B.1 provides that the aggregate market value of the voting and non-voting common equity held by non-affiliates of the registrant shall be computed by use of the price at which the common equity was last sold in the principal market for such common equity as of a date within 60 days prior to the filing. The Company filed its Registration Statement on Form S-3 on March 28, 2013. On March 27, 2013, the closing price of its Common Stock reported by NASDAQ was \$23.17. On March 28, 2013, the date of filing the Form S-3, the number of shares held by non-affiliates was 5,394,593. Accordingly, the aggregate market value of the Company's voting common equity held by non-affiliates was \$125.0 million as of the date that the Form S-3 was filed, which exceeds the \$75 million amount required by General Instruction I.B.1 to be eligible to conduct a primary offering.

2. *Given the size of the secondary offering relative to your public float and to the number of shares outstanding held by non-affiliates, and the nature of the selling stockholders, please provide us with your analysis supporting your determination that the selling stockholders are not statutory underwriters and their portion of the offering is not an indirect primary offering. For guidance refer to Question 612.09 of the Securities Act Rules Compliance and Disclosure Interpretations.*

Response: In light of the staff's comment, we have revised the prospectus to disclose that the selling stockholders will be deemed to be underwriters within the meaning of the Securities Act. See page 21 of Amendment No. 1.

Registration Statement Cover Page

3. *We note your disclosure in footnote 2 to the Calculation of Registration Fee table that the securities registered include unspecified amounts and numbers of securities that may be issued "pursuant to the anti-dilution provisions of any such securities." Please revise this language to refer specifically to Rule 416 and the anti-dilution transactions covered by such rule.*

Response: We have revised the referenced footnote as requested. See the cover page of Amendment No. 1.

4. *We note your disclosure in footnote 2 to the Calculation of Registration Fee table that "[s]eparate consideration may or may not be received for securities issuable on exercise, conversion, or exchange of other securities." To the extent that separate consideration is to be received, please confirm that the maximum aggregate amount of such consideration is included in the maximum aggregate offering price of all securities sold. Refer to Rule 457(i) of the Securities Act.*

Response: We confirm that, in accordance with Rule 457(i), to the extent that separate consideration is to be received for securities issuable on exercise, conversion, or exchange of the securities registered by the Registration Statement, the maximum aggregate amount of such consideration is included in the maximum aggregate offering price of all securities registered on this Registration Statement.

Documents Incorporated by Reference, page 2

5. *We note that you are incorporating by reference into this registration statement your Annual Report on Form 10-K for the fiscal year ended December 31, 2012 and that certain portions of your Definitive Proxy Statement for your 2013 Annual Meeting are to be incorporated by reference into such Annual Report. Please confirm your understanding that you must file your Definitive Proxy Statement for your 2013 Annual Meeting or amend your Form 10-K to include the information required in Part III prior to requesting acceleration of the effectiveness of your registration statement. Please note that we will not be in a position to declare your filing effective until such time as the complete disclosure required by Form 10-K has been filed. Please refer to Question 123.01 of the Securities Act Forms Compliance and Disclosure Interpretations.*

Response: We confirm our understanding that we must file the Company's Definitive Proxy Statement for the 2013 Annual Meeting or amend the Company's Form 10-K to include the information required in Part III prior to requesting acceleration of the effectiveness of the Registration Statement. The Company's Definitive Proxy Statement for the 2013 Annual Meeting was filed with the Commission on April 29, 2013.

Exhibit 5.1

6. *Please remove the language in the penultimate paragraph on page 4 of the opinion stating that the opinion is based on facts assumed by counsel as it is inappropriate to assume material facts underlying the opinion or any readily ascertainable facts.*

Response: The legal opinion has been revised as requested. See Exhibit 5.1 to Amendment No. 1.

7. *Please remove the language in the penultimate paragraph on page 4 of the opinion stating that the opinion "has been prepared solely for your use in connection with the filing of the Registration Statement." This is an inappropriate limitation on reliance.*

Response: The legal opinion has been revised as requested. See Exhibit 5.1 to Amendment No. 1.

8. *Please revise the last paragraph on page 4 of the opinion to have counsel clearly consent to being named in the registration statement*

Response: The legal opinion has been revised as requested. See Exhibit 5.1 to Amendment No. 1.
